

Working together

We strive for equity for our community by promoting their needs and representing them at a strategic level on a range of committees including, The Children's Trust Board, Disability Connect, Carers Forum, and Ealing Community Network. We work closely with both the voluntary and statutory sectors.

We work closely with a range of partners including Mencap, Ealing Carer's Centre, PESTS (a support group for families and children under five with a disability), Continyou Ealing Parent Partnership, Ealing Service for Children with Additional Needs (ESCAN), Ealing Council and the Family Information Service.

The parent carer forum represents the needs of Ealing parents and carers to service providers so that they can be well informed and shape and deliver services to meet the needs of Ealing families with disabled children.

Contact a Family Ealing

Contact a Family Ealing supports families who have children with any disability or additional need between the ages of 0-19.

We have been working successfully with parents in Ealing since 1979 and continue to go from strength to strength with a membership of over 500 families.

We are part of a national organisation that campaigns to raise awareness of the needs of families with disabled children, by providing information to parents and professionals through our freephone helpline, Contact a Family Directory and our website in addition to a wide range of publications.
